

# Ti TiVi Elite Career Roadmap

Name: Mathoho Omphulusa

Grade: 8

Holland Code: S (Social), I (Investigative), R (Realistic)

## Career Development Summary:

Omphulusa is a curious, caring, and hands-on individual. With strengths in Social, Investigative, and Realistic areas, they are best suited to careers that involve helping people, solving real-world problems, and working with tools or systems. They thrive in structured yet active environments such as healthcare, laboratories, or technical trades.

## Top Career Matches:

- 1. Nurse / Healthcare Worker
- 2. Laboratory Technician
- 3. Electrician / Artisan (Technical Health Support)

## Subject Choices (Grade 10-12):

- Compulsory: English, Life Orientation, Home Language, Maths or Maths Literacy
- Recommended Electives: Life Sciences, Physical Science, Technical Sciences, Engineering Graphics & Design

## Study Pathways:

- University: Bachelor of Nursing (UL, Wits, Sefako Makgatho), BSc in Medical Laboratory Science
- TVET: Nursing Auxiliary, Electrical Engineering N1-N6, Biotechnology, Lab Technician
- Learnerships: Department of Health (HWSETA), Eskom, CHIETA, SETA artisan trades

## Bursary Opportunities:

- Funza Lushaka (Teaching-related health): [www.funzalushaka.doe.gov.za](http://www.funzalushaka.doe.gov.za)

- Department of Health Bursaries: Check provincial DoH websites
- NYDA Bursary Programme: [www.nyda.gov.za](http://www.nyda.gov.za)
- HWSETA Bursaries: [www.hwseta.org.za](http://www.hwseta.org.za)
- CHIETA Bursaries (Artisan & Technical Careers): [www.chieta.org.za](http://www.chieta.org.za)

#### 12-Month Action Plan:

- Jul-Sep: Speak to LO teacher about your top 3 careers and get subject guidance
- Oct-Nov: Research schools or colleges that offer health or technical programs
- Dec-Jan: Apply to shadow a nurse, lab tech, or artisan in your community
- Feb-Apr: Register on NYDA, Harambee, and explore SETA portals for opportunities
- May-Jun: Create a simple CV and motivational paragraph for bursary applications
